

Why compare your pension scheme?

Pension schemes differ. This pension comparison tool shows you the differences between two pension schemes. You see, for instance, what you will and will not receive. You can see what the differences are compared with the Bpf Koopvaardij pension scheme and what this means for you. You can then opt to arrange something yourself. An understanding of the differences is one of the aspects when deciding whether or not to transfer your pension to Bpf Koopvaardij. More information about pension transfer is available on our website at www.koopvaardij.nl/en under 'Member - Your situation - New employment'. You will find details of our financial situation and the funding ratio at www.koopvaardij.nl/en/funding-ratio.

Compare your pension scheme in five steps

Use this pension comparison tool step by step. The terms used are explained in layer 1 at www.koopvaardij.nl/en/pension123. We have already entered the main points of the Bpf Koopvaardij pension scheme for you below.

Remember: the pension scheme rules take precedence regarding your rights and obligations.

STEP 1: What will you receive and what will you not receive in the pension schemes?

Explanation

This step allows you to compare what you will and will not receive in your current and future pension scheme. If you will not receive something, you can see that from the cross that is placed on an icon.

Are you building up occupational retirement pension? If so, what is the retirement age?

Will your partner receive a pension benefit when you pass away?

Will your children receive a pension benefit when you pass away?

Will your pension build-up continue if you become fully or partially occupationally disabled?

Will you receive a supplementary pension if you become occupationally disabled?

STEP 2: How do you build up pension?

Explanation

There are different types of occupational retirement pension. In layer 1 in the *How do you build up pension?* section, you can see how you build up pension. You will then see one of the adjacent icons. You will not see the other icons. Which icon is being used?

The *How do you build up pension?* section then offers more information about the following elements:

How high is the state pension offset? **Remember:** in the case of a lower state pension offset, you build up more pension than in the case of a higher amount.

What is the percentage of the pension that you build up annually? **Remember:** You can complete this only in the case of a final salary or career average scheme.

STEP 4: How secure is your pension?

Explanation

The amount of pension that you will finally receive is still uncertain in many cases. In this step, you see whether the level of your pension has been fixed or not, whether your pension increases in line with the rise in prices or wages and whether your pension may be reduced due to, for instance, an excessively low funding ratio. **Remember:** the lower the policy funding ratio, the greater the risk that your pension will be reduced.

STEP 5: Assess how important the differences are for you.

You now know what the differences are between both pension schemes. **Assess how important these differences are for you and consider what the differences mean for you.** You may want to arrange something extra yourself. If you want to know more about the differences and what they will mean for the level of your pension, contact our [Service Desk](mailto:servicedesk@koopvaardij.nl) by calling +31 88 007 98 99 or sending an e-mail to servicedesk@koopvaardij.nl.
